### Delegation of B.E.A.R.S. Visit Selectmen

The Board of Selectmen met in regular session Monday evening, April 13, and acted on a long and varied agenda.

Sixteen members of the Bethel Emergency Ambulance and Rescue Service (B.E.A.R.S.) met with the Selectmen to discuss problems regarding the operation of the ambulance service.

Mem Enright, president of the B.E.A.R.S., served as spokesperson for the group and informed the Board of two major concerns of Service members. One, the need to obtain pagers for Service members and, second, the need for suitable space for training where the various equipment of the Service could also be stored.

The group indicated that 20 pagers would be necessary to provide one for each member. They also stated that members become dis-

couraged when having to stay near a phone at all times when they are on duty and that several members will not be able to continue unless other arrangements can be made in the near future.

The Manager indicated that the original budget contained funds for 15 pagers as had been requested by the B.E.A.R.S., however, the Budget Committee, in their review of the overall budget prior to town meeting, recommended \$2,715 less for the Ambulance Service than had been requested. Town Meeting approved this recommendation of the Budget Committee and Selectmen and the resulting decrease allows for the purchase of 10 units.

There was considerable discussion on these two problems and the Selectmen were informed that unless something was done within 30 days, the B.E.A.R.S. might well disband. The Board thanked the members for attending and scheduled a special meeting for April 20 to work on the problems.

The Selectmen reviewed Board and Committee appointments and voted to re-appoint Alden Kennett

### New "Tone" on "824" Phone Lines

Did you think your ears were playing tricks on you last Thursday or Friday when you dialed an 824 number and heard a funny new sound, instead of the old familiar guttural ring which has been unique to Bethel, for these many years? Well, you were right if you thought something was different. Continental Telephone has put out to pasture the old tone generator which has been in service since dial phones came to Bethel in the mid-1950's, replacing it with a more modern electronic piece of gear which produces a sound more like the standard ringing signal gradually being introduced throughout North America. Locke Mills has had the newer-type ring for more than a year, and West Bethel is due to be switched over in the near future too.

Why the change? Greater reliability during commercial power failures is the answer, according to a phone company spokesman. The new equipment is all solid state, and puts out a tone which is softer and somewhat higher-pitched. The old Bethel ring was so much louder, in fact, that people with sensitive hearing sometimes found it necessary to hold the receiver away from their ear until the person they were calling answered.

The softer ring is not the only new sound Bethel phone users will be hearing. Within the next few weeks the phone company will also be installing additional equipment so customers who wish may trade in their old rotary-dial phones for the newer type with pushbutton tone dialing. Continental began offering "Touch-Calling" in some of its larger exchanges a few years ago, and the demand has been so great the company is going forward with plans to offer the service to all its Maine customers by the end of 1982. Bethel will have the service this year, while ironically, because the installation work in the dial offices is more complicated, the smaller exchanges like Andover, Locke Mills and West Bethel will not be converted until next year. There is a one-time changeover charge, and a monthly charge, for those

### EASTER SUNRISE SERVICE PLANNED

#### ATOP BARKER MOUNTAIN

The congregations and pastors of local churches will join in the celebration of Easter Sunday with a Sunrise Service on the top of Barker Mountain. The chairlift at Sunday River Skiway will be running to transport people up and down and will leave the base of the mountain promptly at 7 a.m. There will be a small charge for breakfast served at the Skiway Lodge following the service.

Persons participating in the service include Rev. Barry Beverage of the Bethel Church of the Nazarene, who will bring the meditation, and Dale Thurston with reading of the scriptures. Prayer will be offered by Rev. Millett Cummings, United Methodist Church, and Rev. Norman Rust, pastor of West Parish Congregational Church and West Bethel Union Church will deliver the invocation and benediction. Choral selections will also be included.

In case of rain or otherwise inclement weather, the service will be held inside the ski lodge.

### WOODSTOCK HISTORICAL SOCIETY HOLDS

#### COLLECTIONS NIGHT

At its recent monthly meeting the Woodstock Historical Society held a collections night. During the business meeting the membership decided to hold its next two meetings on the second Saturday of the month to afford South Woodstock residents the opportunity to attend. It was also voted not to join the newly formed county historical society at present because the membership felt they had enough projects of their own to undertake for the time being. The suggestions were made to make a survey of the cemeteries in Woodstock and to arrange some means of reproducing old photographs and producing slide shows for Society use.

Most of the members present brought something for a collection to display. Kay McAllister showed a collection of cups and saucers. Larry Billings brought stickpins and glass tumblers. Hazel Brooks

Monday morning and the sky is completely blue but the temperature was down this morning so that the workers had to scrape off their windshields before going to work. Sunday was a clear day also but the wind was brisk. George built a fire in the outdoor fireplace and cooked a steak. What a different taste. Saturday was one of those open and shut days. Edie Smith started out on Cancer Drive during one of the lulls but it came in and rained before she got too far so decided to wait for another day. Even though we have had quite a few showers we still need rain as the river is down. Usually this is the time of year when with the snows melting up-country and April showers it is about its fullest.

The Ancient Cry

Long centuries have passed, yet still this morning  
The ancient cry sounds on the startled air  
Crystal-clear it rings, "The Christ is risen!"  
And hurt hearts are rejoicing everywhere.

After last Friday's tragedy and sorrow,  
After our many doubts and blending fears,  
To hear the glad cry sounding down the ages  
Should lift grief's bondage, and should dry our tears.

"The Christ is risen!" four brief words so vital  
To bewildered mankind in the hour of need!  
He said: "Because I live ye shall live also."

And truly the Christ is risen, is risen indeed.  
Cry out the message to earth's furthest outpost.  
Let none believe the blessed Christ is dead.  
Make it a joyous hallelujah chorus,  
"He is risen He is risen as He said."

**GOULD VALEDICTORIAN ANNOUNCED**

Miss Anne Hopkins

Miss Anne Hopkins, daughter of Mrs. Barbara S. Hopkins of Newburyport, Mass., and Frank W. Hopkins of Andover, Mass., has been named as the valedictorian of Gould Academy's 1981 class.

Spending her second year at Gould, Anne has excelled in all she has done both inside the classroom and in extra-curricular activities. Currently she is in France, where as a member of Gould Academy's Foreign Exchange program, she is living with a French family, attending a French school, and absorbing the French culture through travel.

Anne consistently heads the list of high honors each term, all while handling more than the normal course load of five subjects each term. In addition, she has participated in Gould's drama productions including the "Pirates of Penzance" last year, was a member of the JV soccer team, a member of the Student Council, and a participant in Gould's winter mountaineering, a special program of the outing club.

Anne participated in a new academic class this past winter term called "The Gould Seminars". This program for a small number of advanced students brought together faculty and students to discuss specific topics where intellect and academic research are necessary to participate.

Anne has been selected by Dartmouth College for early decision and will attend the college in the fall. She will return from her term in France to participate in Gould's May 30th Commencement Exercises.

Edwick Yates called on the Fleets one evening.

Mr. and Mrs. Gary Roshto were in Waterville on Wednesday.

Glad to see Bobby Bates home from the hospital. Hope he is feeling better.

Peggy Morin called on her mother, Mary Morin, and then they called on the David Fleets.

Bradley Harrington has been sick with the flu bug.

Mr. and Mrs. Hal Fournier and Jarrod called on the Harringtons over the week end.

David Daye got back from Florida on Wednesday.

There has been a lot of fishermen in town but water is still high and cold. Haven't heard of many catching fish yet.

On Thursday we had some house swallows, and two pair of bluebirds arrived. I was putting out some new houses and they went right around behind me checking them out.

Sent in by Eva Yates:

A lovely but cool spring morning—we have a little million of blackbirds here also the robins. We have one blackbird that sits not too far from our kitchen door each morning and yells—I think it's an Old Maid blackbird. It won't be long until we are on Fool time—how I hate it. Why do people try to fool themselves so? The sun won't rise any earlier nor will it set any later to please anyone. So if they want to go to work earlier go ahead but let the clocks alone. No one is fooling no one. The Go Shoes were on the go Saturday and if everything hangs together they will get aired a couple or more times this week. Oh they are hard to keep track of. Next Sunday will be Easter—how the hams will have to be eaten. Here's wishing all my friends and readers a very Happy Easter and I hope it doesn't rain so you get your Easter Bonnet wet.

Viva Whitman arrived from Florida Saturday and had dinner with her mother, Eva, and brother, Joe, yesterday.

Other Sunday dinner guests of Eva and Joe were Helen Strout of Oxford and Wynona Woolf of Auburn.

The Sunday River neighbors are raking and prettying up their yards, etc. But don't plant your taters just yet.

Edwick Yates and friend, Miss Walker, called on his grandmother Eva, and Uncle Joe, Thursday night. Come again, Ed.

Verna Swan called on Eva and Joe Thursday P. M.

She requested all those interested in the trip to contact her as soon as possible. She also read a letter from the Country Way Restaurant, South Paris, informing Senior Citizen groups of a noon-time smorgasbord special which applies only for a party of 15 or more. This special will be good for every day except Monday when the restaurant is closed. This is for Senior Citizens only and reservations must be made.

Those seated at the birthday table were: Donald Bennett, Elsie Davis, Dora Ford, Mary Knight, Leona Lurvey, Kay McAllister, and Evelyn Reed.

## PLAYGROUND COMMITTEE

MET MONDAY NIGHT

The Ethel Bisbee School Playground Committee met Monday night to make plans for a work-day. Saturday, May 16, will be the big day—put it on your calendar!

Steve Wright, Mike Inman, Betsy Brent, Nancy Davis, Don Bean and Carolee and Paul Doty will be leading a group of parent and

community volunteers in constructing and installing several pieces of equipment on the school playground. Your help would be appreciated.

Thursday evening Margaret and I and Doug attended the Middle School Concert at Telstar as Dave Bennett is a member of the band.

Friday, Margaret Barton and I spent the day in Portland, shopping. Friday night the Barton family came down to play cards.

Walking with Jesus Christ

Easter—the word that designates a particular and most important event in the life of Christ—for without Easter we would be most miserable—a lost people forever wandering without hope.

Easter is mentioned but once in the English Bible—Acts 12:4—and took place at the time of the Passover which is a word from the Hebrew—"pasah"—and is so translated everywhere else in the Bible.

The word Passover has very special significance and was first mentioned in Exodus 12:11-12—"it is the Lord's Passover"

"For I will pass through the land of Egypt this night, and will smite all the first born in the land of Egypt—I am the Lord." God instructed "Moses and Aaron to take a lamb without blemish" it was to be healthy—no marks nor illness—it was to be tested for four days to be certain that it was completely fit for sacrifice—it's blood was to be applied to the lintel and two side posts of the doorways of the homes of the Israelites. For by this the Lord would "passover" the door and the first born of the Israelites would not be harmed.

Here is a remarkable event—for it is known as "The Passover", a type of Christ—our Redeemer—who also in his public life was tested and shown to be Holy—as may be seen in Luke 11:11-13-54, and Ju 8: 46, etc. He was sinless and pure as was symbolically the "Passover Lamb" of Exodus.

The Bible states that it is by the blood of Christ we are saved—even as he "sweat droplets of blood as he prayed" and as he bled on the Cross caused by the crown of thorns, the nails that pierced him as well as the spear. Yes, Christ died on the Cross for the sins of the World—you and me. He arose from the grave on the third day—was Resurrected. We sing the song "Christ Arose"—"Jesus, my Savior, He arose a victor from the dark domain and He lives forever with his saints to reign."

Yes, Jesus Christ, the Son of God arose and later ascended to heaven to sit at the right hand of God where he calls us to acknowledge him as Lord; for you and me to ask him for forgiveness and let him be the Lord of our lives.

Luke 24—The Story of Easter.

## PLEASANT VALLEY GRANGE

TO MEET APRIL 30

The next meeting of Pleasant Valley Grange, West Bethel, will be on Thursday, April 30.

community volunteers in constructing and installing several pieces of equipment on the school playground. Your help would be appreciated.

Thursday evening Margaret and I and Doug attended the Middle School Concert at Telstar as Dave Bennett is a member of the band.

Friday, Margaret Barton and I spent the day in Portland, shopping. Friday night the Barton family came down to play cards.

Walking with Jesus Christ

Easter—the word that designates a particular and most important event in the life of Christ—for without Easter we would be most miserable—a lost people forever wandering without hope.

Easter is mentioned but once in the English Bible—Acts 12:4—and took place at the time of the Passover which is a word from the Hebrew—"pasah"—and is so translated everywhere else in the Bible.

The word Passover has very special significance and was first mentioned in Exodus 12:11-12—"it is the Lord's Passover"

"For I will pass through the land of Egypt this night, and will smite all the first born in the land of Egypt—I am the Lord." God instructed "Moses and Aaron to take a lamb without blemish" it was to be healthy—no marks nor illness—it was to be tested for four days to be certain that it was completely fit for sacrifice—it's blood was to be applied to the lintel and two side posts of the doorways of the homes of the Israelites. For by this the Lord would "passover" the door and the first born of the Israelites would not be harmed.

Here is a remarkable event—for it is known as "The Passover", a type of Christ—our Redeemer—who also in his public life was tested and shown to be Holy—as may be seen in Luke 11:11-13-54, and Ju 8: 46, etc. He was sinless and pure as was symbolically the "Passover Lamb" of Exodus.

The Bible states that it is by the blood of Christ we are saved—even as he "sweat droplets of blood as he prayed" and as he bled on the Cross caused by the crown of thorns, the nails that pierced him as well as the spear. Yes, Christ died on the Cross for the sins of the World—you and me. He arose from the grave on the third day—was Resurrected. We sing the song "Christ Arose"—"Jesus, my Savior, He arose a victor from the dark domain and He lives forever with his saints to reign."

Yes, Jesus Christ, the Son of God arose and later ascended to heaven to sit at the right hand of God where he calls us to acknowledge him as Lord; for you and me to ask him for forgiveness and let him be the Lord of our

Mrs. Jo Sanderson, Cor.

Here it is Sunday again and I don't have much news to report. We see new birds most every day. Robins, blackbirds, and Clyde Stanton reported seeing a bluebird. I haven't been lucky enough to see one in several years.

Some of our neighbors are returning from the South. Oscar and Mary Andrews returned this past week, and we hear Marian York and Fred Judkins are on their way along with the G. Batchelders.

Clyde Stanton took some newspapers to Windham Saturday for the N. W. Ladies Circle. His son, Bruce Stanton, came Sunday and helped his Dad rake up the lawn.

Albert Fox of Stoneham was in town Saturday P. M. and did some T. V. aerial work for Richard Jones, Jo Sanderson and Chris Weston. They work better, now.

Mr. and Mrs. Bill Barkley have come to make their home with Bert Rugg who is a brother to Mrs. Barkley. They moved from New Jersey, Saturday.

Arlene Bean of Bethel had Sunday breakfast with her mother, Jo Sanderson. I enjoy her visits.

### Nursing Homes

Do you ever stop to think of the ones that are in the nursing homes today?

Do you know that they wonder why people don't call, and talk with them today?

It would give them a lot of joy and a smile.

Why not visit them and talk with them for awhile?

Once they were happy and they never thought then they would be in a nursing home some day.

Life then was all sunshine, it was all play.

They never thought they would be in a nursing home today.

So try to remember those that are in nursing homes today.

And stop to pay a call, and talk with them awhile.

## West Paris

## NEWS FROM ADULT AND COMMUNITY EDUCATION

M. S. A. D. #44

The S. A. D. 44 Adult and Community Education office will be closed during the school vacation week of April 20. Classes normally held at Telstar High School will not be held, unless students have been notified of alternate arrangements by their instructors. Classes which meet at community locations will meet, unless specifically cancelled by the instructor. Students should check with their instructors to avoid confusion.

The Sunbuilders Workshop, held at Telstar on Saturday, April 11 was attended by over 50 people, made up of area builders, handymen and others interested in passive solar design. The workshop was cosponsored by Homebuilders Association of Maine and the Office of Energy Resources. NOVA will offer a 6-session course, from April 29 to June 3, entitled Solar Course for Builders and Contractors at Rumford High School on Wednesday evenings. This course, taught by Robert Rowse of Wilton, former director of Western Maine Energy Center at UMF, will allow those who missed SUNBUILDERS to learn about solar design, and will provide those who did attend an opportunity to study the subject in greater depth. To learn more about the NOVA course, students should phone 364-3765.

Upcoming events in the S. A. D. #44 Adult and Community Education program for the month of May include the University of Maine at Augusta's Information Day to be held on Saturday, May 2, from 8:45 to 1 at the Moses Mason House in Bethel. Representatives from UMA's Lewiston-Auburn Center will be present to provide information, and to administer free diagnostic tests to those who are considering entering a college program. The tests are not admission tests, and are helpful in directing an individual's choice of courses. Those wishing to attend the Information Day should contact the S. A. D. #44 Adult and Community Education office during the week of April 27.

Other calendar dates to save for Adult and Community Education, are May 12, which is the date of the Potluck Supper to be held at Telstar at 6 p. m. This will be followed by a Learning Fair in the Gym, which will combine exhibitions of student work from the spring term, with demonstrations and the slides taken of all classes during the past term. The Learning Fair will be a celebration of the accomplishments of the students in the Adult and Community Education program.

Further celebration of student accomplishment will be held on May 26, the date set for the graduation for adults completing the High School Diploma program. The graduation will be held in the Telstar cafeteria at 7:30.

STATE OF MAINE  
HOUSE OF REPRESENTATIVES  
District 63

Karen L. Brown, Representative

April 10, 1981

Action taken by the House of Representatives this week on the issue of workers' compensation may signal an unwillingness to recognize the impact that workers' compensation has on the state's economy—which some informed observers now say has approached a "crisis level".

Over the past ten years costs of workers' compensation premiums to Maine employers have increased from approximately \$15 million to over \$100 million. Next year alone, the cost of the system will increase by 25%—to over \$125 million.

It was this 25% increase that activated interest in revising the Workers' Compensation Laws. It was felt by many in the business community that if relief were not forthcoming, the economic environment in the state would be seriously hurt. In fact, statistics put out by the Conference of State Manufacturers Associations showed that Maine had dropped from 15th to 24th in its attractiveness to business, and that the state had dropped 24 places due to the workers' compensation laws alone.

Maine is currently the poorest state in the nation, and it is not believed that the state can afford to discourage industry in Maine any longer.

Several important points need to be made about the workers' compensation rates in Maine. First, although wages in the state are extremely low, the benefits paid to injured workmen here are the fourth highest in the nation. The maximum benefit level paid to an injured worker is extremely high—166% of the "state average weekly wage". This is set to go up to 200% this summer. Also, Maine is somewhat unique in its willingness to adjust compensation levels to

NEWS FROM MRS. BOUCHARD'S

Danny Barker's plant has blossomed! It is yellow and red. He told us that he feels very lucky. We are now watching Hannah Gersen's plant as it has a large bud on it.

This week we've been busy getting ready for our Easter Party. We made Easter baskets, yellow ducks, rabbit puppets and egg carton rabbits. Each child also helped to make an Easter rabbit hat to wear on Friday.

We have identified animals with four legs and fish that look alike. We made Lotto board games about zip up boots. Four year olds have been practicing printing letters A-E.

the inflation rate. Currently 35 of the 50 states do not allow for any adjustments in the compensation level and most of the others have an annual "cap" above which the levels may not be adjusted. That "cap" is usually 5%.

But, efforts by House Republicans to provide relief to the overburdened businessman by placing a similar 5% cap on Maine's yearly benefit adjustment failed today in a party-line vote. Even with this 5% cap, Maine's benefits would be better than those in most other states.

This may be quite significant. As mentioned before, employers currently face a 25% increase in costs this year. It was estimated that the 5% cap would have eased the increase in the costs of the system to the employers by 8%, but failure to impose the cap would mean that the full burden of the 25% increase will be felt.

This could place a difficult strain on the economy. It should be pointed out that as the cost of workers' compensation increases, the cost of doing business increases. Maine products become more expensive as businesses pass on their costs to the consumer, and less of their products are purchased. This inevitably leads to a decline in productivity and a severe loss of revenue to those states which do not overtax their industries. Therefore, the attempt to limit increases in workers' compensation can be correctly viewed as a debate for a more healthy state economy, more jobs, and a financial future which promises consumers and workers throughout the state a higher standard of living.

On Wednesday of last week the Legislature welcomed back to the State House all those who had served in those hallowed halls. More than 100 ex-legislators attended. One returnee had served in the Legislature during the 1920's.

Two things the old-timers agreed on; the lunch was delicious (served by students from Southern Maine Vocational Technical Institute) and the arguments and debates haven't changed a bit.

Louise Lincoln of Bethel who served both as a Legislator and as House Clerk was observed looking as charming and beautiful as ever.

A bill that would allow a person to use deadly force (a gun) to protect property (the hub caps on your car) was passed in two versions by the House of Representatives.

representatives but was shot down in the Senate.

The hot debate did serve to remind that the use of deadly force is allowed to protect one's life or to deny entry into one's home if there is fear of injury. The debate in the House also left no doubt that most of the Representatives are ready to turn the tables on what they see as a situation where criminals have more rights than their victims.

This get-tough attitude is seen everyday in one form or another. There will be attempts to toughen laws dealing with minors who commit repeated offenses but are shielded by their age.

The attempt on the life of President Reagan has brought about the expected outcry to register, outlaw or otherwise proscribe the ownership of guns. Several legislators are scouting the files to locate a bill that could be amended for this purpose. It is unlikely that they will succeed but these folks are persistent. They believe that if a law was passed requiring registration, the criminal would line up with the rest of us to register their guns.

A bill that would raise Legislative pay from \$7,000 to \$14,000 was withdrawn last week. There may be more good news next week.

continued from Page One and Robert Chadbourne to three year terms as members of the Planning Board. Board members suggested the names of persons who might be interested in serving on various Boards and Committees and directed the Manager to contact these individuals relative to their interest. Interviews with persons interested in serving were scheduled for the Board's April 27 meeting.

The Board also voted to include in next year's annual town report a tear out section on which citizens can indicate Boards and Committees they would be interested in serving on.

The Manager read correspondence from Dictar Associates concerning the proposed Thunderbird elderly housing project. It was stated that the project is still alive and is waiting for bonds to be sold by the Maine State Housing Authority before construction can begin.

It is anticipated that bonds will be sold in late April allowing the construction to start in late May or early June. However, if the bond sale is postponed, so will the start of construction. If all goes as expected, construction would take approximately eight months and occupancy would be possible in late 1981 or early 1982.

In other action, the Board approved a concealed weapons permit for Danny C. Wheeler, voted to hold an informational session at their next regular meeting concerning the sludge disposal site selection study; reviewed the March financial statement and the draft report of the Common Study Committee; discussed information at meetings with various Boards and Committees; reviewed a copy of a petition submitted to Governor Brennan by Richard Sweetser concerning ice-jam flooding on the Androscoggin, and signed a construction area agreement with the MDOT concerning work on the Chapman Brook Bridge.

The Selectmen set their next regular meeting for Monday, April 27, at 7 p. m. in the Bethel Savings Bank meeting room.

Residents are reminded that Bethel's annual clean-up day is scheduled for Monday, April 27.

presentations to health classes in S. A. D. #44, and presentations to parent and civic groups in our district. Now, with graduation activities foremost in the minds of many high school students, the CADET team is exploring the possibility of launching a program called Project Graduation, which would attempt to offer alternatives to the "traditional" parties that occur at this time of year. The team hopes to provide many seniors with an alternative to the typical graduation party, where alcohol and drugs may be used. The team's success will depend on the broad support of high school parents and all community members.

In an earlier newsletter, I outlined the dimensions of the problem of drug and alcohol abuse in our region. One group, like CADET, cannot realistically bring the problem under control. One group, like CADET, however, can make a difference if it prevents the further expansion of drug and alcohol abuse through programs like Project Graduation.
